Quantum Stylist™ 9960

Feature	Benefit
600 Built-in Stitch Patterns provide more than 1,000 Stitch Functions	Fulfill your creative dreams with a large selection stitches including basic, decorative and stretch stitches for clothing construction, quilting, home décor, and crafting.
Alphanumeric Stitches	Includes 4 standard fonts for letters and numbers
13 Fully Automatic 1-Step Buttonholes	Buttonhole sewing is a 1-step simple process providing reliable results every-time. The sides of the buttonholes are sewn in the same direction to prevent gaps in stitching or fabric distortion.
Exclusive Buttonhole Underplate	Sandwiches fabric between lower plate and foot to ensure perfect buttonholes on multiple layers of fabric.
Digital Information Advisor	Stitch information including stitch pattern, length and width settings, and recommended presser foot are displayed on the crystal clear LCD screen.
Programmable Needle Up/Down	The needle can be programmed to stop in the highest position when your foot is lifted from the controller, making it easier to remove fabric from the machine or program the needle to stop in the down position, which is ideal for pivoting, appliquéing or quilting.
One-Touch Electronic Automatic Thread Cutter	Press the thread cutter button and the machine automatically trims threads when you are done sewing.
Electronic Auto Pilot	Provides complete control over sewing speed for any project type.
Automatic Bobbin Winding Clutch	Needle bar automatically disengages when winding the bobbin, making bobbin winding safer.
Stitch Editing Capabilities	Control the exact look of a stitch pattern with elongation and mirroring capabilities.

SINGER

Quantum Stylist™ 9960

Feature	Benefit
7mm Stitch Width	Most stitches can be set for a maximum width of 7mm creating attractive satin and decorative stitches.
Slow Sewing Speed Option	Allows you to sew at slower speeds for intricate work.
2 StayBright™ LED Lights	Illuminates the work space and will last for 100,000 sewing hours.
Large Back-Lit LCD Screen with Brightness Control	Provides clear and easy viewing of stitch functions including stitch width and length, tension settings, and the recommended presser foot.
High Sewing Speed	With a maximum sewing speed of 850 stitches-per-minute, projects can be sewn quickly.
Extension Table	Provides extra large sewing area for large projects including quilting.
Built-In Stretch Stitches	Specially designed stitches that add strength and flexibility to seams, especially useful when sewing on knitwear and super-stretch fabrics.
Adjustable Stitch Length	Automatic settings for length can be overridden to personalize length choice.
Adjustable Stitch Width	Automatic settings for width can be overridden to personalize width choice.

SINGER

Quantum Stylist™ 9960

Feature	Benefit
Six Second Threading	Threading the machine is so easy that you can have the entire machine threaded, from the spool to the needle's eye, in just six seconds.
Automatic Locking Stitch Function	Tie-off decorative and utility stitches with just a push of a button. This feature ensures quality stitching and prevents unraveling.
Automatic Reverse	Push the conveniently located Automatic Reverse Button to sew in reverse and reinforce the stitch.
Horizontal Threading	Allows for the thread to feed more evenly reducing poor stitch formation and thread breakage.
Electronic Twin Needle Control	Stitches are automatically adjusted for twin needle sewing with just the touch of a button.
25 Needle Positions	Needle position can be changed for individual projects like inserting zippers or cording and topstitching.
Direct Button Stitch Selection	Provides direct access to eight of the most popular stitches including straight, zig-zag, blind hem and one buttonhole.
Error Warning	An audible warning alerts the sewer if something is incorrect. The audible warning can be deactivated, if desired.
Optimal Stitch Settings	Optimal settings for length and width are automatically set when choosing a stitch. These settings can be overridden to personalize the stitch pattern.
Stitch Reference Chart	This chart—located on the upper lid of the machine—allows you to quickly choose the perfect stitch for your project – eliminating tedious screen searching.
Mirror Imaging and Elongation Function	With just a touch of a button select stitches can be mirror imaged, adding even more stitch variety. Select the elongation button and a variety of stitches can be made 2 to 5 times longer.

Quantum Stylist™ 9960

Feature	Benefit
Automatic Tension	This system ensures stable stitch quality, whatever type of fabric is being sewn. The tension can be adjusted using the tension adjustment buttons, if desired.
Extra-High Presser Foot Lifter	The Presser Foot Lifter has two heights. The second offers more clearance, which is needed when placing multiple layers of bulky fabric under the presser foot.
Free Arm	Provides easy access to cuffs, collars, pant hems and other difficult-to-reach areas.
Box Feed	The feed dogs move in a box motion ensuring perfect feeding throughout the entire feed process.
Start/Stop Button	Unplug the foot control, press the Start button and the machine sews. You are still in complete control over the speed - just slide the Speed Limiting control to the desired speed.
Drop Feed	Lower the feed dogs for free-motion embroidery, monograms and for sewing buttons.
Warning Animation	A picture appears on the LCD screen illustrating the probable error.
On Board Storage	The accessories are conveniently stored in the removable sewing table, providing easy access to accessories.
Snap-On Presser Feet	Easily change snap-on presser feet without use of a screwdriver.
Optimum Power Control	A control system that senses when additional power is required to maintain speed through thick or changing fabric conditions. This feature is most useful when sewing through multiple (6-8) layers of fabric.
Heavy Duty Metal Frame	The internal skeleton of the sewing machine is constructed of heavy duty metal. This rigid support holds all the mechanisms in perfect alignment for skip-free sewing and overall durability.
