AUTOMATIC CHAINSTITCH DRAPERY TACKER

Sewing a ¾" drapery pleat has been virtually impossible with all but the lightest fabrics until now. We've modified the head and installed the remarkable SewQuiet 4000 DC servomotor for the extra torque required to tack heavy fabrics.

QUALITY YOU CAN COUNT ON

For tacking on all types of drapery work, the MSK-373N/DTACK with automatic thread trimmer and 8 or 16 stitch setting adjustment offers the whole package. Low noise and vibration design, and outstanding build quality; made in Taiwan.

FEATURES

- SewQuiet DC servomotor
- ÜberLight LED light
- Heavy-duty K-legs and table
- Instruction/parts manual included
- Tool kit, drawer and thread stand included
- Individually tested and sewn-off before shipping

Smart. Professional. Reliable. Since 1955.
