

2100IR/2200IR

PROFESSIONAL STEAM IRON

PRODUCT SPECIFICATIONS

PROFESSIONAL STEAM IRON

To get professional quality results you need a professional quality iron made with components that will endure the rigors of commercial use. The 2100IR/2200IR iron is designed to provide quality dry steam, and with its cork handle is comfortable to use for long periods.

32 CHAMBER SOLEPLATE

The 2100IR/2200IR uses an aluminum plate with 32 separate steam chambers, which eliminates condensation even when used with an extra long steam hose. A manual reset thermal fuse, and thermostat with heavy-duty round riveted points ensures safety and longevity.
