PROFESSIONAL STEAM IRON STATION

PRODUCT SPECIFICATIONS

PROFESSIONAL IRON STATION

The 6000IS is the newest entry in our line-up of professional steam iron stations. The 6000IS establishes a new benchmark for features, ease of use, and quality of components.

IT'S ALL ABOUT THE STEAM

The 6000IS excels at producing quality, dry, pressurized steam. Pressurized steam is the fastest and most efficient way of ironing. It allows the fibers of the fabric to be softened quicker, with the weight and heat of the iron laying the fibers down flat. This creates the crisp and clean finish demanded by professionals.
