#1 ZIG-ZAG MODEL

The 20U73 is the industry standard for light- to medium-duty zig-zag and straight sewing. 20U's are used in homes, schools, for appliqué work, and in industrial applications.

ONE MACHINE DOES SO MUCH

The 20U73 owes its popularity to its versatility and ease of use. It will go from sewing numbers on a team jacket, to producing dancewear, to making dress shirts. And because it runs at a slower speed, it will do finer detailed work.

FEATURES

- Memory and needle bar lock
- SewQuiet DC servomotor
- ÜberLight LED light
- Heavy-duty K-legs and table
- Instruction/parts manual included
- Tool kit, drawer and thread stand included
