MC 6600P

MC P SERIES

The Memory Craft Professional Sewing and Quilting Series contains advanced machines to help you finish projects quickly and easily. These models were designed for the avid quilter, with stitches and features to broaden your creative possibilities and reduce the time you need to finish projects. With advanced capabilities for any type of sewing, there is a good reason these machines are considered “The Ultimate Sewing and Quilting Machines.”

MC 6600P

The Memory Craft 6600 Professional has the speed and precision critical to advanced sewing. The 6600 contains loads of features created especially for quilters, including the AcuFeed: Layered Fabric Feeding System ensures your sewing and quilting are even, smooth and precise on all types of fabric. The AcuFeed foot is integrated with a unique seven-point feed dog system, so your fabric is guided perfectly from the top and the bottom. AcuFeed is a unique and innovative feature - once you try it you'll wonder how you ever lived without it!
