- 4 safety systems
- Pressure gauge
- Silicone iron rest
- Carrying handle
- 10-15 minute heat up time
- Up to 4 hours of use per day

### PROFESSIONAL IRON STATION

The i500 is the #1 choice of professionals. It has become the industry standard for those seeking a high quality, mid size ironing station. The i500 establishes a new benchmark for features, ease of use, quality of components and value.

### IT'S ALL ABOUT THE STEAM

The i500 excels at producing quality, dry, pressurized steam. Pressurized steam is the fastest and most efficient way of ironing. It allows the fibers of the fabric to be softened quicker, with the weight and heat of the iron laying the fibers down flat. This creates the crisp and clean finish demanded by professionals.

**Smart. Professional. Reliable. Since 1955.**
