Country of origin	China
Warranty	Limited 1 year

3-5 THREAD SAFETY SERGER

For joining two or more plies of fabric together (3 or 5 threads), or for “overedging” (3 threads), the MSK-3316N with tractor feed is a machine that climbs easily over extra thick seams, making previously difficult serging tasks easier.

QUALITY YOU CAN COUNT ON

For sewing heavy fabrics such as canvas, denim, and vinyl, the MSK-3316N-GG7-60H with differential feed, stitch length regulator and fully automatic lubrication offers the whole package. Low noise and vibration design, outstanding build quality and reliability.

FEATURES

- SewQuiet DC servomotor
- ÜberLight LED light
- Heavy-duty K-legs and table
- Instruction/parts manual included
- Tool kit, drawer and thread stand included
- Individually tested and sewn-off before shipping

Smart. Professional. Reliable. Since 1955.
